STEEL FOR PACKAGING EUROPE

PRESS RELEASE

Brussels, 16 November 2026

STEEL FOR PACKAGING EUROPE APPOINTS ANNA DUBOWIK AS HEAD OF EU AFFAIRS

Steel for Packaging Europe (SfPE) announces the appointment of Anna Dubowik as Head of EU Affairs, effective today.

Anna joined SfPE in June 2026 as Sustainability & Public Affairs Manager. She brings more than 15 years of experience in EU policy, with expertise in decarbonisation, cleantech innovation, and EU and international climate policy frameworks.

Anna succeeds Metka Cavka Luciani, who has held the position since March 2024.

Steel for Packaging Europe thanks Metka for her dedication, expertise and passion, and for the contribution she has made to advancing sustainability in the steel for packaging sector. We wish her every success and fulfilment in her future endeavours.

Looking ahead, SfPE will continue to engage actively on key EU policy developments shaping the future of the steel for packaging industry. Priorities include the forthcoming Circular Economy Act and the secondary legislation underpinning the Packaging and Packaging Waste Regulation, the Waste Framework Directive and the Ecodesign for Sustainable Products Regulation.

Ends.

Steel for Packaging Europe represents the 5 major European producers of packaging steel - Acciaierie d'Italia A.S., ArcelorMittal, Tata Steel, thyssenkrupp Rasselstein and Nippon Steel Slovakia. Established in 1986, the association is committed to ensuring awareness of steel as a sustainable and efficient packaging solution for the long-lasting protection of food and other products.

Circular by nature, 84% of used steel packaging is recycled in Europe, with 100% reborn as new steel products.

Committed to cutting carbon emissions by 55% by 2030 compared to 1990 levels, and to achieve climate neutrality by 2050, the EU steel industry is investing massively to enhance process efficiency and pioneer breakthrough technologies.
